INTRODUCTION

The Chi-nan Thermal Power Plant (Huang-tai) is located approximately 5.4 nautical miles (nm) northeast from the center of the city of Chi-nan.

BASIC DESCRIPTION

25X1D

The power plant is road and rail served and is secured within a fenced area (3000 x 1600 feet). Smoke was emanating from the stack, steam from both cooling towers, and the spray pond was operating on all missions covering the plant between

There has been no apparent change in the plant since the referenced report.

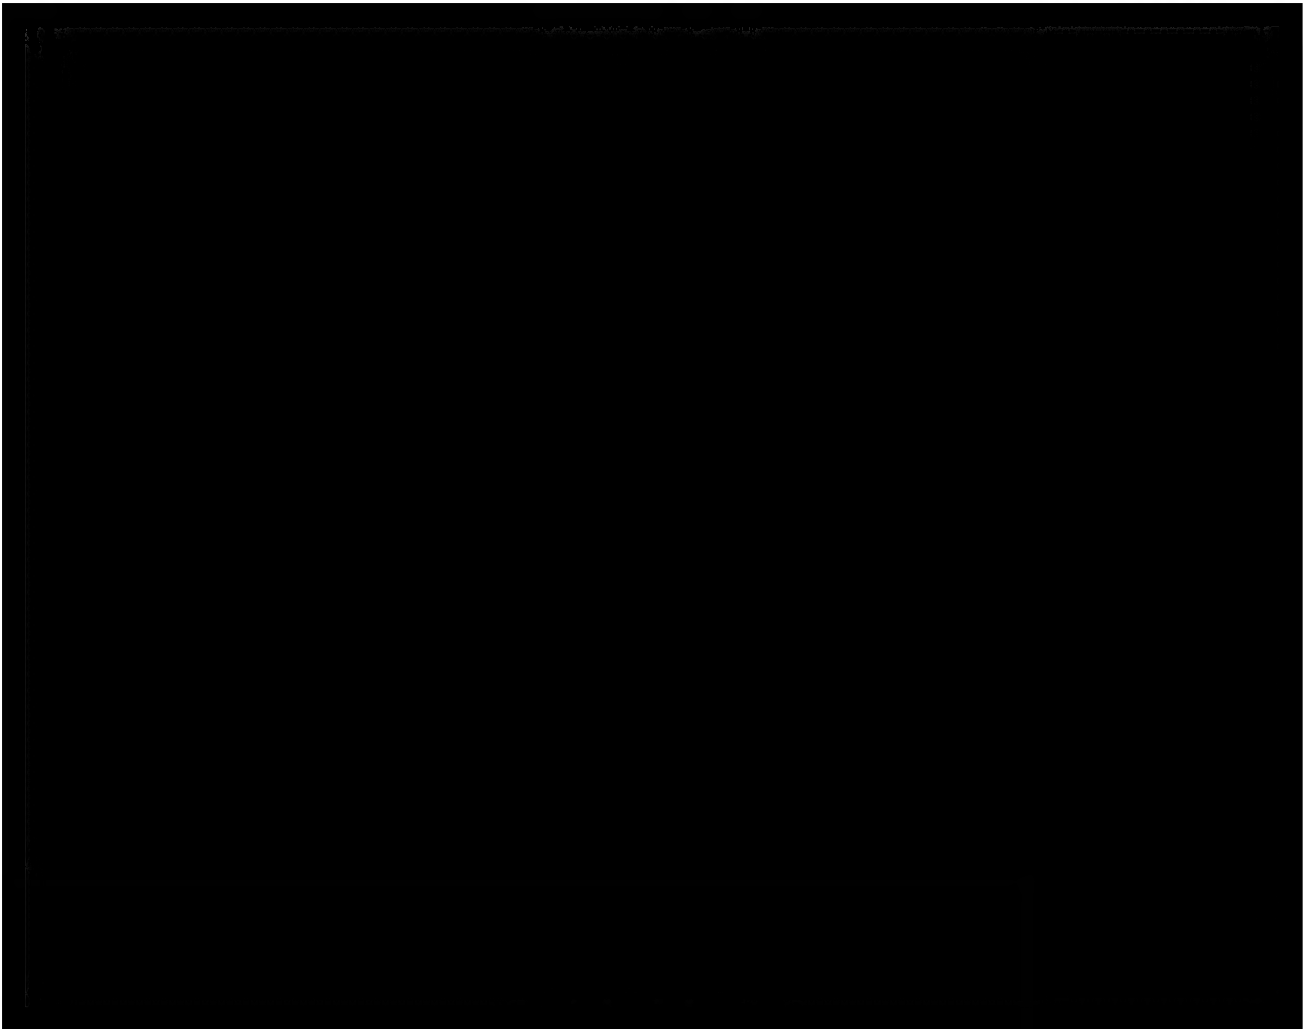

Four sets of power cables extend from the generator hall to four transformers in the switching yard indicating the presence of four generator units. The two cooling towers and spray pond are located north of the plant area.
